

WMGSA HOUSE LEAGUE RULES

General Rules for All Divisions

Softball Canada's Official Guide and Rule Book will apply for all divisions, except as follows:

1. All players present for a game will be listed in the line-up and will bat in rotation. Free substitution of players in the field will be allowed. A player not present at the start of the game cannot be listed until she arrives. She will be listed at the end of the batting order when she does arrive.
2. No inning will start after 8:00 p.m. or 10 p.m. throughout the season. The game continues until the inning has been completed. The score at the end of the last complete inning will stand regardless of the number of innings played. During the Year End Tournament, no inning will start after 1 hour 30 minutes.
3. Any number of registered house league players from a younger division may be substituted to avoid a forfeit. Call up players must wear their regular team shirt or shirt of similar color of the team they are playing for. Call up players may not pitch except in the event where each of the regular pitchers have pitched their maximum innings per game (3 in the Merged division).
4. If a game is forfeited, every attempt should be made to play the game as an exhibition game by "borrowing" members from the opposing team or other mutually agreeable conditions. A forfeited game will be registered as a 7-0 loss.
5. No player may sit a second inning until every player has sat once. No player can sit for two consecutive innings (exception - injury).
6. Teams may play with a minimum of seven (7) players.
7. Two out catcher rule is in effect. If catcher is on base with 2 out, last out is to run for the catcher.
8. During Round Robin play during the Year End Tournament a win is 2 points, tie is 1 point and loss is 0 points. Final standings will be based on the following: Points, Head to Head, Least Run Against/Defensive Innings Played, Runs Differential Ratio (run for/offensive innings divided by runs against/defensive innings played), Most Runs For Offensive Innings Played, Coin Toss.
9. During Semi Finals and Finals of the Year End Tournament, if tied after 1 hour 30 minutes, the following innings are International Tie Breaker (last out from previous inning starts as runner at 2nd base with no outs with both teams getting at least on opportunity to bat).
10. Year End Tournament Mercy Rule: A 10 run differential after 5 innings, 15 run differential after 3 innings

Additional Rules for Merged Division U17/U19

- Game time is 6:30 pm or 8:30 pm; all coaches and players must be ready to play at this time. Any warm-up should occur prior to this time.
- Each half-inning (prior to open innings) ends when there are three outs, or five runs have been scored.
- A Merged Division player will be limited to playing a maximum of 4 innings per game in any given position except pitcher (see Rule #4). This rule will be tracked by the coaches and scorekeepers and umpires will be advised as soon as an infraction is noticed. There is no penalty for the first infraction, but once noticed, the player is to be immediately relieved, and the coach warned not to repeat the infraction. After receiving a warning, if the infraction is repeated, the offending player will be removed from the game (i.e., will be removed from the lineup, but may remain with the team on the bench) and the offending coach will be ejected from the game (and must leave the park).
- A player will be limited to pitching a maximum of 3 innings per game at Merged U17/U19 (a single pitch in an inning will constitute an inning pitched).
- All innings after the fifth inning are open. i.e., innings 1 through 5 are closed (maximum of five runs permitted) and innings 6 and 7 are open and there is no limit to the number of runs that can be scored.
- Conferences - Defense 3 per game, Offence - 1 per inning (as per Softball Canada rules).
- Courtesy runners may be allowed in the following situations: a coach identifies prior to the game player(s) that cannot run for themselves due to health/injury situations or a player is injured during the game, and continues to play, but cannot run for herself anymore.
 - A courtesy runner (last available player in the batting order) will be allowed for those players at either a) home plate if the player cannot run at all or b) first base in all other cases.
 - In the event the courtesy runner is from home plate, then the dropped 3rd strike is not in effect and for safety reasons a runner at 3rd MAY NOT advance home on a wild pitch or passed ball and CANNOT steal home during or after a pitch to the batter.

Rule Notes

1. Not sliding at home is not a reason for a player to be called out but players should be reminded that any close play they should be sliding for safety reasons. All players should be taught to slide and encouraged to slide at home anytime there is a potential play at the plate.
2. As per Softball Canada's rules, if a player is deemed to be deliberately trying to knock the ball out of the catcher's glove during a play at home plate, they may be called out (umpire discretion). This typically is called when a base runner makes first contact with the catcher by raising their forearms, elbows or leads with the shoulder.
3. As per Softball Canada rules, a catcher cannot position themselves on the baseline or plate while waiting to receive a throw. Once they have possession of the ball then they can block the base line and plate. The catcher should be standing just in front of home plate waiting to receive the ball.
4. Orange Safety Base - As per Softball Canada rules, if the catcher picks up the ball on the foul side of the 1st base line (ie for a dropped 3rd strike), the 1st baseman can choose to use the orange base but must give the runner access to the white base. 1st baseman must make the decision on which base they will use early in order to give the runner enough time to make the adjustment.

WMGSA / KMGSA RECREATIONAL GLOSSARY OF TERMS

Glossary of Terms

The following is a list of the most common terminology and situations that occur as extracted from the rule book.

1. **Dropped Third Strike:** a batter can run when the catcher drops the 3rd strike if 1st base is not occupied and there is less than 2 out or when 1st base is occupied or not and there are 2 out. (Exception - Mite & Squirt divisions - batter is out)
2. **Out of Play:** a base runner or batter/runner is awarded 2 bases on any ball thrown out of play or a hit ball that travels out of play at the time of the throw or at the hit.
3. **Infield Fly:** is a fly ball, though not a line-drive as would normally be defined, that any in-fielder can catch with ordinary effort. The "infield fly rule" applies when there are less than 2 out and runners on 1st and 2nd or 1st, 2nd and 3rd. The umpire shall loudly announce upon a hit "Infield fly, batter is out if fair". Runners are not forced to advance once the infield fly has been declared but may do so at their own risk; if the ball is dropped the batter is still out.
4. **Wild Pitch:** any ball that goes out of play as a result of a wild pitch - runners are awarded one base. If ball four the batter will be awarded 1st base only.
5. **Pitch Delivery:** prior to the pitch, the pitcher must pause with both feet in contact with (not at the sides) of the rubber, facing the batter, hips square to the plate and hands apart. Once a pitcher begins the pitching motion she must deliver the ball. Failure to do so is an illegal pitch and will result in a called ball; runner(s) will be awarded one base. If the ball slips from the pitcher's hand during her wind up or her back swing a ball is awarded to the batter; the ball remains in play and any runner(s) may advance at their own risk.
6. **Catcher Obstruction:** is when a catcher obstructs or prevents the batter from hitting a pitched ball. One such example is extending the catcher's mitt in anticipation of catching the pitch and the batter makes contact with the glove during the swing. If the batter hits the ball and reaches 1st base safely and other runner(s) have advanced at least one base without being put out then the catcher obstruction is canceled. Otherwise, obstruction is enforced by awarding the batter first base and advancing the runner(s) one base.
7. **Obstruction:** is the act of impeding the progress of a runner or a batter/runner or blocking access to a base or the plate by any defensive player who does not have possession of the ball or is not about to receive a thrown or batted ball. Effect: The runner will be called safe and awarded the base or bases she would have reached in the umpire's judgement.
8. **Interference:** a player will be called out who makes contact or interferes with a defensive player who is:
 - a) making a play on a ball whether hit or thrown
 - b) has the ball and is waiting to make a tag
9. **Stealing:** a player may steal any base when the ball leaves the pitcher's hand on delivery.
